Office Action Summary

Art Unit: 1774

1. Claims 1-16 are allowed
2. Claims 17-22 are rejected under the doctrine of obviousness-type double patenting for the reasons of record.

As noted in the last office action, the parameters recited at the end of claim 17 would be expected to affect heat transfer. As examples, see U.S.P. 5,258,350 at column 3, lines 50-5 wherein respectively color-developing layer thickness and microcapsule size are listed as result-effective heat transfer parameters.

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Any inquiry concerning this communication should be directed to Bruce Hess at telephone number (703) 308-2402.
